Anh Nguyen Ngoc Phuc

Front End Developer

Passionate and results-driven Front-End Developer with 6+ years of experience specializing in modern frameworks like React and Next.js. Proven track record of delivering high-performance, scalable web applications across diverse industries, including e-commerce and SaaS. Skilled in crafting clean, responsive UIs using Tailwind CSS, Material-UI, and integrating with APIs and back-end systems.

Familiar with block-chain integration, AWS services, and databases like MongoDB and MySQL.

Known for attention to detail, a strong design-to-code workflow, and staying up-to-date with the latest web development trends. Adept at collaborating with cross-functional teams, solving complex problems, and building seamless digital experiences that exceed user and client expectations. Always seeking challenges that fuel growth and innovation.

Work Experience

San Francisco

Feb 2020 - Apr 2021

Front end developer

Fast (<https://www.fast.co/>)

As a front end developer, I've worked on 2 web apps - (Fast - Checkout, Buyer-dashboard).

- **Tech Stack:** ReactJS, TypeScript, Redux Toolkit, GraphQL, React Query, Styled Component, Chakra UI, Figma.
- Researched and **implemented 10+ micro-frontends**, improving application scalability and **reducing build time by 35%**.
- Created a **centralized design system** adopted across micro-frontends, standardizing UI components and **reducing development time by 50%**.
- Integrated Keycloak for **identity and access management**, securing the application with **role-based access control**.
- Collaborated with backend teams to **integrate REST APIs** and **implement theming** via Context API.

Austria

Feb 2024 - Aug 2024

Full stack developer

Feefty (<https://feety.com/>)

As a full-stack developer, I worked on main **Financial app** and **3 micro-services** with express.js for backend and **React.js(CRA)** for
